

HOW TO MAKE A MINI ZINE

You'll need:

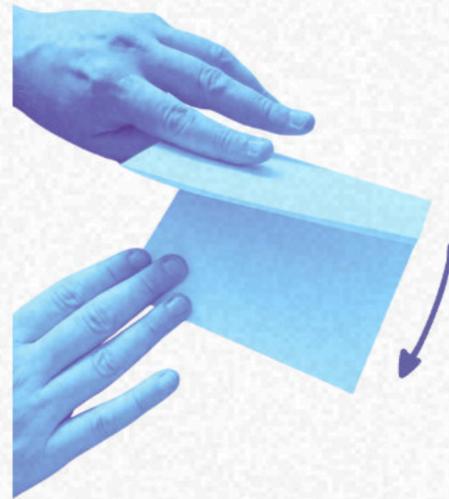

- A piece of paper (A4 but other sizes work too)
- Scissors
- Pen or pencil
- Washi tape, stickers, collage materials (optional)

1. Fold your paper in half

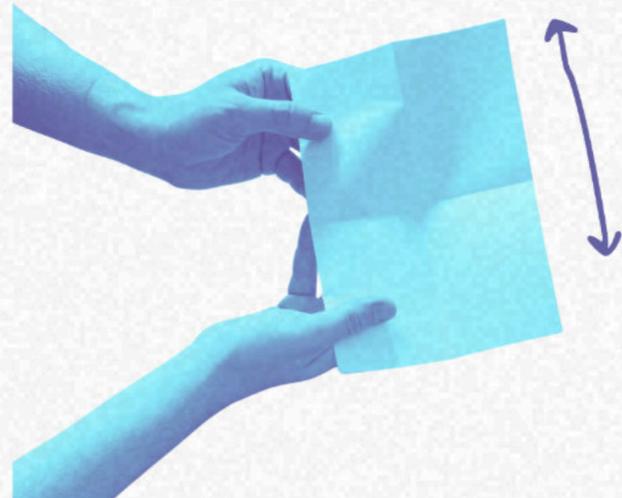

2. Fold your paper in half again

3. And again...!

4. Unfold your paper twice so you've got four mini rectangles within a big rectangle.

5. This is where you'll need your scissors! It's really important you cut on the folded edge of your paper.

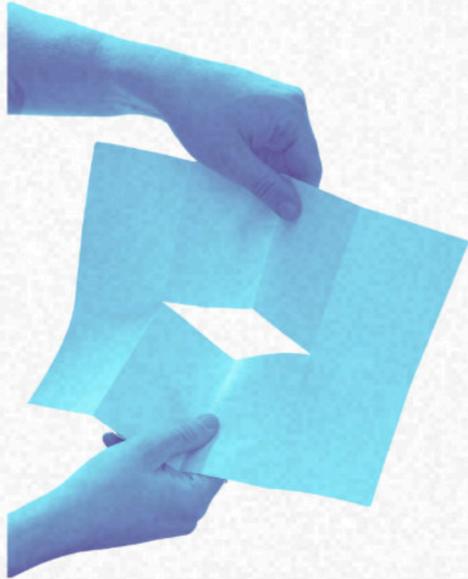

6. Cut to the middle of the page

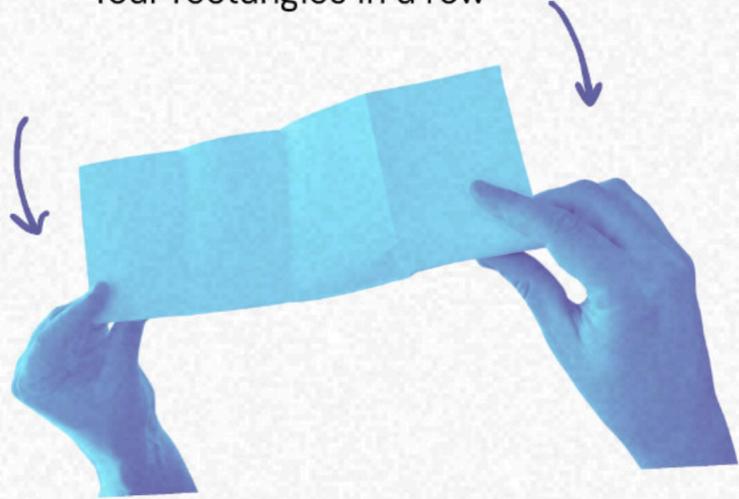

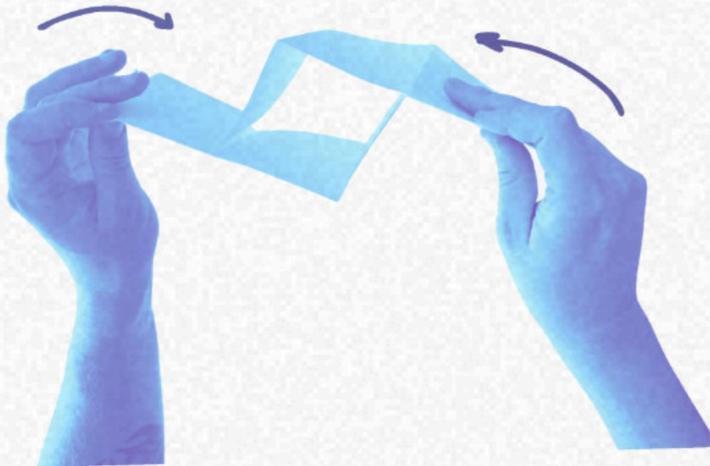

7. Unfold it. It'll look a bit like a duck beak.

8. Fold the paper sideways, so you have four rectangles in a row

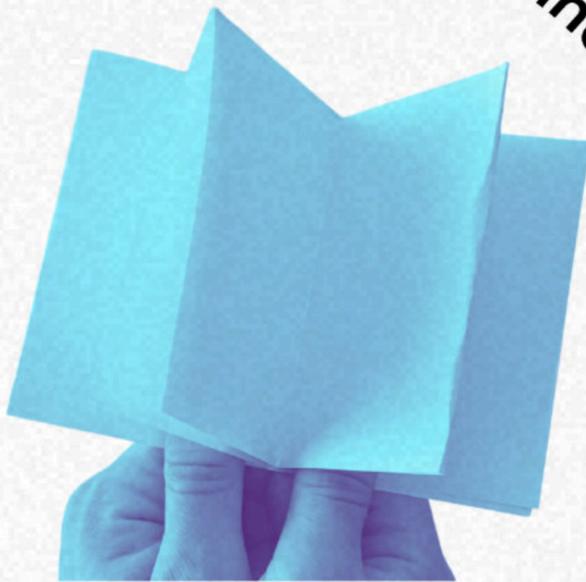

9. Hold the paper on both sides and push towards the centre. This is how you'll make your pages.

10. Press all the pages down.

You made your zine!

When you've finished. Share it with a friend!
Zines make personalised and thoughtful gifts.

WHAT NEXT?

Sometimes, it's hard to know where to start when you've made a zine. You might like to check out our Ward 76 prompt sheet for inspiration.

You can use anything you like to fill it in. Such as stickers, washi tape, patterned paper and collage materials.
